

COO (m/f/d) East Europe

Challenging Management Task

Full-time Contract / Sector: Furniture Industry /Upholstery

About the Client

The company operates large facilities in East European countries. Implemented will be a persuasive, energetic leadership personality (m/f/d) as a member of the executive board. Focus is to coordinate various manufacturing requirements across a variety of production platforms. This new, senior management position will include overall responsibility for the production requirements of the group with their ongoing plan of growth.

The Job Task

- You coordinate and lead the factory managers.
- You participate in strategic planning activities within the board.
- You coordinate make-or-buy decisions and care for the best possible level of employment within the factories.
- With process orientation and an analytical approach you act as the link between owners (strategy, product development) and production.

Your Profile

- Your track record reflects responsibilities on a senior management level.
- You prove knowledge about lean production and cost improvement (preferably furniture or automotive).
- Intercultural team building is familiar for you as well as the readiness to travel.
- Fluent English language skills are required as well as Polish or/and German.

The team-orientated structure of the group allows as well as requires structural initiatives and ideas on the entrepreneurial level. The compensation package is in line with the comprehensive job task.

Please make contact, of course in the strictest confidence!
